A message from the Chair

The OMS Foundation's 60th anniversary year offered many reasons to celebrate, including the successful launch of a new education opportunity for residents and year-end contribution reports that signal continued confidence and engagement among our donors.

Our Committee on Research funded three Research Support Grants in 2019 that reflect the specialty's capacity to embrace both empathy and advanced science. Dr. Andrea Burke's study of quality-of-life issues associated with craniofacial fibrous dysplasia was recognized with the Foundation's Stephen B. Milam Research Award for the highest-ranked proposal of the year. Two additional Research Support Grants sought to expand OMSs' toolkit for treatment of TMJ osteoarthritis and head and neck squamous cell carcinoma.

In many cases, our Research Support Grants have helped launch innovative investigations and early-career investigators, supporting the collection of crucial early data and findings that open doors to financial support from other major funding sources.

Last year also marked the launch of the Global Initiative for Volunteerism and Education (GIVE) program. With support from OMSNIC and the OMS Foundation Alliance, eight OMS residents received travel stipends to join humanitarian healthcare teams delivering care to communities in need across the world.

Dr. Douglas Baasch, who traveled to Vietnam with Dr. Barry Steinberg's Facing Futures team, signed on for the chance to expand his surgical skills and experience and returned home committed to continue to serve those in need. Instilling a commitment to service in early-career OMSs was one of the founding principles of GIVE, and it appears to be working.

GIVE is the newest addition to our already robust roster of education and enrichment opportunities for OMS residents. In 2019, the Foundation supported the AAOMS Resident Transitions into Practice and Clinical and Scientific Innovations for Oral and Maxillofacial Surgery (CSIOMS) conferences, including nine travel scholarships allowing OMS residents to attend CSIOMS at little or no cost. We also provided support for the Surgical Council on Resident Education (SCORE) for OMS, a learning management system to offer a standardized curriculum for residents.

Faculty Educator Development Awards (FEDA), jointly supported by AAOMS and the Foundation, have proven to be a consistently sound investment in OMS education. Many OMS program directors and faculty are past FEDA recipients. Their stories of how FEDA helped keep them committed to academia are inspiring. The Foundation has funded 11 FEDA awards since 2013.

Add it all up, and more than \$600,000 was disbursed for OMS-specific research and education in 2019. With the exception of GIVE, which is funded by donations restricted for use by that program, our program portfolio is sustained by the generosity of our Annual Fund donors.

William C. Passolt, CPA
Chair, OMS Foundation

Our Annual Fund posted another strong year in 2019 with contributions of \$1.4 million. Repeating one of our most successful strategies of 2018, the Foundation enlisted corporate support for three well-promoted gift-match challenges. AAOMS, OMS Partners, LLC, and U.S. Oral Surgery Management each committed to match up to \$25,000 in donations to the Foundation, propelling their supported appeals well past their goals.

Treloar & Heisel, which also opened for business in 1959, celebrated its 60th anniversary with two significant gifts to the Foundation. Last year marked the debut of its new life insurance policy opportunity with limits ranging from \$25,000 to \$100,000 and the Foundation listed as policy owner and beneficiary. Purchase of these policies offers OMSs a simple and relatively inexpensive portal to membership in the Foundation's prestigious R.V. Walker Society, which recognizes donors who commit to legacy gifts of \$25,000 or more. Treloar & Heisel finished its anniversary year with the announcement of a \$100,000 gift to the Foundation's Annual Fund.

Several of the specialty's most respected leaders chose to express their gratitude by "paying it forward" with transformational gifts to the

Foundation in 2019. Dr. A. Thomas Indresano and his wife, Rita, announced their \$100,000 legacy gift commitment to the R.V. Walker Society during the final days of Dr. Indresano's term as AAOMS President. Not long after, Dr. Colin Bell and his wife, Susan, announced a multi-year gift totaling \$100,000 that included an increase of their R.V. Walker Society commitment to \$100,000.

At the Florida Society's meeting in November, Dr. Howard Fisher and his wife, Irene, spontaneously (and successfully) challenged the society community to match their \$25,000 personal gift as a show of support for the upcoming anesthesia and patient safety study launched by AAOMS and the Foundation.

The James and Carmen Hupp Foundation helped propel the OMS Foundation Alliance to its most successful year on record with a \$10,000 gift-match challenge to support GIVE. The Alliance showcased its signature flair for hospitality and mentorship during Mrs. Hupp's term as its Chair while raising a record-breaking \$25,000 for GIVE. This vibrant group embraces family and friends of the AAOMS community with no membership fee required and in 2018 adopted GIVE as its primary fundraising initiative. A capacity crowd at the Alliance's 2019 Luncheon and Fundraiser at Boston's Tuscan Kitchen Seaport enjoyed a chef-led tiramisu lesson, then responded to a talk by GIVE recipient Dr. Matthew Green with more than \$4,000 in donations to GIVE. With support from OMSNIC, seven recipients of the Alliance's Norma L. Kelly Resident Spouse Scholarships traveled to the Annual Meeting and attended the luncheon as guests of honor of the Alliance. During their stay, they enjoyed opportunities to nurture new friendships and see a bit of Boston's Seaport neighborhood during the Alliance's popular daily Health Walks.

The Foundation's continued success is a tribute to the MANY volunteers, donors, advocates and champions whose ideas, enthusiasm, time and treasure have helped shape and sustain our mission. Sixty years ago, our Founders envisioned a reliable source of funding for the research and education needed to advance the specialty. Though our mission statement has evolved a bit with time, we remain committed to improving patient outcomes through support of innovative research, high-quality education opportunities and a strong academic sector.

We are grateful to all who join us in this important work, and we continue to strive to be worthy of your support. This retrospective, prepared under the shadow of the COVID-19 pandemic, reminds us the strength of our specialty is in our shared vision for the future.

As with many OMSs, our 2020 plans were partially derailed by the COVID-19 crisis. We took a "compassionate pause" in fundraising as the specialty recovers from the pandemic's financial impact. As we adapt to the new norms created by the pandemic, we remain committed to ensuring our work continues to support the next generation of OMSs, whose future depends on our resiliency.

In closing, I would like to thank all the Foundation's donors for their generosity and support, our Board of Directors for their commitment to the Foundation's mission and Dr. Kathy Banks, who completed her successful term as Foundation Chair during 2019.

Sincerely,

William C. Passolt, CPA, Chair

OMS Foundation recognizes its 2019 MVPs at AAOMS Annual Meeting

Each year at its Annual Meeting, AAOMS reserves time in the spotlight for those whose service and contributions to the OMS Foundation have helped advance the specialty. Recipients of the OMS Foundation awards in 2019 were:

Torch Award: Thomas Dodson, DMD, MPH, FACS

The Foundation's most prestigious award recognizes individuals or organizations who have provided exceptional service to the organization. Dr. Dodson served as a Director of the Foundation from 2009-18 and its Chair from 2015-16. While a Director, he served on the Foundation's Ambassadors, Development, Programs and Research Committees and chaired its Nominating Committee. He was a principal architect of the Foundation's Strategic Alliance with AAOMS and extended his service as a Director to support its implementation in 2018.

In addition, Dr. Dodson has chaired the AAOMS Special Committee on Outcomes Assessment as well as several AAOMS taskforces. He has been Associate Editor of *JOMS* since 2011 and received the Daniel M. Laskin Award for most outstanding article published in the journal in 2004 and 2011.

Thomas Dodson,
DMD, MPH, FACS

Research Recognition Award: Sean Edwards, DDS, MD, FACS

Dr. Edwards is the James R. Hayward Endowed Clinical Professor and Associate Chair for Research in Oral and Maxillofacial Surgery at Michigan Medicine and the University of Michigan School of Dentistry. He also is Chief of Pediatric Oral and Maxillofacial Surgery at the C.S. Mott Children's Hospital.

Dr. Edwards serves on the AAOMS Committee on Research Planning and Technology Assessment and is a consultant for the Committee on Cleft, Craniofacial and Pediatric Oral and Maxillofacial Surgery. He is codirector of the AAOMS Clinical Trials Methods Course and has authored numerous peer-reviewed articles. He is a previous Faculty Educator Development Award winner and has conducted research supported by the OMS Foundation related to stem cell therapy for craniofacial reconstruction.

Sean Edwards,
DDS, MD, FACS

Gerald E. Hanson Outstanding Service Award: Eric Geist, DDS, FACS

This award recognizes OMS Foundation champions and advocates whose support for the Foundation demonstrates extraordinary stewardship. Dr. Geist served as a Director of the Foundation from 2016-18 and its Vice Chair in 2017-18. He is a member of the Robert V. Walker Society, a generous contributor to the Annual Fund and a tireless advocate for the Foundation's mission. He championed the Foundation while serving the specialty as President of AAOMS and District III Trustee, President of ABOMS and President of the Southeastern and Louisiana Societies of Oral and Maxillofacial Surgeons.

Eric Geist,
DDS, FACS

From left: Dr. Leonard Kaban, Dr. Zachary Peacock, 2017-19 OMS Foundation Chair Dr. Kathy Banks, 2018-19 AAOMS President Dr. A. Thomas Indresano, Dr. Alfonso Salcines and Dr. Maria Troulis.

Daniel M. Laskin Award

The 2019 Laskin award recognizes the authors of the most outstanding article published in *JOMS* in 2018. The *Journal* Editorial Board selected “Long-Term Effects of Distraction Osteogenesis of the Mandible” by Zachary Peacock, DMD, MD, FACS; Alfonso Salcines, DMD; Maria Troulis, DDS, MSc, FACS; and Leonard Kaban, DMD, MD, FACS.

Foundation expands programs’ support in 2019

Each year, the Foundation selects for funding programs that show promise to advance the OMS specialty and improve outcomes for its patients. The Foundation funded the first Global Initiative for Volunteerism and Education (GIVE) travel stipends in 2019, reimbursing up to \$2,500 in travel expenses for eight residents serving with international humanitarian healthcare teams. The Foundation also disbursed the second of three \$20,000 grants to the Surgical Council on Resident Education (SCORE) to support development of a standardized curriculum for OMS residents.

The OMS Foundation’s 2019 program portfolio included:

- Two Faculty Educator Development Awards (FEDA) – **\$260,000**
- Support of 2019 Clinical Scientific Innovations for Oral and Maxillofacial Surgery (CSIOMS) – **\$20,000**
- Support of 2019 Resident Transitions into Practice Conference – **\$5,000**
- Nine Resident Travel Scholarships for 2019 CSIOMS – **\$9,000**
- Support of Surgical Council on Resident Education (SCORE) – **\$20,000/year** for three years
- Seven Norma L. Kelly Resident Spouse Scholarships – **\$7,000***
- Eight Global Initiative for Volunteerism and Education stipends – **\$20,000***
- Three Research Support Grants – **\$75,000** each:
 - University of Washington School of Dentistry, “*To Operate or Not to Operate? Stigma and Quality of Life Outcomes in Craniofacial Fibrous Dysplasia*” (Stephen B. Milam Research Award Recipient)
 - Principal Investigator: Andrea Burke, DMD, MD
 - Co-principal investigator: Amanda Konradi, MA, PhD (Loyola University, Maryland)
 - University of Illinois at Chicago, “*Targeting Mechanobiological Pathways to Attenuate Dysfunctional Remodeling in TMJ-OA*”
 - Principal investigator: Michael Han, DDS
 - Co-principal investigator: Louis G. Mercuri, DDS, MS (Rush University Medical Center)
 - Providence Cancer Institute, “*Role of Epigenetic Modulation in Anti-OX40 Immunotherapy Resistance*”
 - Principal investigator: Chi Viet, DDS, MD, PhD
 - Co-principal investigator: R. Bryan Bell, DDS, MD, FACS

*funded with support from the OMS Foundation Alliance and OMSNIC

Gift-match challenges help generate \$1.4M in donations in 2019

Generous support from corporate and individual gift-match challenge partners helped propel the OMS Foundation's fundraising to a \$1.4 million finish in 2019. Just \$110,000 in "seed money" from Foundation challenge partners generated more than \$460,000 in donations to the Annual Fund and \$25,000 for the Global Initiative for Volunteerism and Education (GIVE) program during five appeals featuring gift-match challenges.

AAOMS, OMS Partners, LLC, and U.S. Oral Surgery Management (USOSM) each backed an OMS Foundation appeal with a commitment to match every gift made to the Annual Fund up to a total of \$25,000. Donors responded to USOSM's \$25,000 challenge in May with more than \$85,000 in gifts, and AAOMS's \$25,000 Annual Meeting challenge generated an additional \$30,000 in September. The Foundation's year-end appeal, backed by a \$25,000 challenge from OMS Partners, added more than \$250,000 to the Foundation's 2019 fundraising totals.

In November, inspired by the announcement of a new study focusing on anesthesia and patient safety, Dr. and Mrs. Howard Fisher challenged the Florida Society of Oral and Maxillofacial Surgeons community to collectively match their commitment of \$25,000 to the Foundation's Annual Fund. The goal was quickly met, to the satisfaction of the Fishers.

"I'm no researcher," Dr. Fisher said, "but I can help you hire a good one."

A \$10,000 gift-match challenge from the James and Carmen Hupp Foundation attracted record-breaking support from OMS Foundation Alliance donors for the new GIVE program in 2019. Mrs. Carmen Hupp announced the Alliance's commitment to raise funds exclusively for GIVE when she accepted the Chair of the Alliance Committee in late 2018, and donations made through the Alliance funded eight \$2,500 GIVE stipends in 2019. The Hupps' 2019 challenge raised more than \$25,000, enough to cover travel expenses for as many as 10 residents serving with international humanitarian healthcare teams in 2020-21.

The Foundation is grateful to its challenge partners and donors who responded so generously. The ultimate return on those investments is a specialty strengthened by its commitment to research and education, made stronger still by the example of generosity set by its leaders.

R.V. Walker Society Members

The OMS Foundation's Robert V. Walker Society was established in 1997 to honor Dr. Walker's myriad contributions to AAOMS, the OMS Foundation and the OMS specialty during his lifetime. Dr. Walker was a teacher, a mentor and a friend, and his commitment to education was unwavering. His namesake society was created to secure the future of the OMS Foundation and its mission to support research and education.

AAOMS President finishes term with a flourish

Dr. A. Thomas Indresano has witnessed the evolution of the OMS Foundation firsthand, making time during his career as a professor of oral and maxillofacial surgery to serve as a Foundation Director in 1992-94 and again in 2010-12. As an AAOMS Trustee, he helped craft and implement the Foundation's Strategic Alliance with AAOMS. As his term as AAOMS President neared its conclusion in September 2019, Dr. Indresano and his wife, Rita, decided to increase their R.V. Walker Society commitment to \$100,000.

Dr. and Mrs. A. Thomas Indresano

"It's gratifying to see the Foundation realizing its potential at last," Dr. Indresano said, "Rita and I are so appreciative of the value that it brings to the specialty. We agreed that a substantial commitment to the R.V. Walker Society was a worthy legacy; we're confident that it will be money well spent."

Putting the finishing touch on a lifetime of support

Dr. and Mrs. Colin S. Bell

Dr. Colin Bell and his wife, Susan, have been among the Foundation's most steadfast donors, contributing nearly \$50,000, mostly via recurring monthly donations. Dr. and Mrs.

Bell announced in October 2019 their commitment to a \$100,000 gift to the OMS Foundation, including an increase of their R.V. Walker Society commitment to \$100,000.

"Susan and I feel privileged to be part of the OMS family," Dr. Bell said. "We recognize the critical role of research and education in preserving the preeminence of our specialty, and we enthusiastically support the mission and programs of the OMS Foundation."
